

# YOU ARE INVITED TO A SPECIAL CLASS

JUST FOR

# MC15000 OWNERS

If you haven't worked with the apps on your MC15000, this is the perfect time! Don't be intimidated any longer .....we have the perfect class!

Our class will be taught by LuAnn, a Janome Educator, who will show you how to use each app; AcuEdit, AcuMonitor, AcuSetter, and Acu-Design. In addition, you will be using some of the advanced features of your MC15000vs2. You'll be so glad you learned from an expert!

We will also be using AcuFil making a small project which will also use the AcuSetter app. The second project will also be using AcuSetter with a Tea Towel.
